

## **DIENNEVI SAS DI MINASI ANGIOLINA & C**

### **DIENNEVI, ITALIAN MANUFACTURER OF CON-CORD SELF LOCATING CREASING MATRICES AND ARTICLES FOR PAPER INDUSTRY, BOX MANUFACTURERS AND DIE MAKERS JOINS CONVERFLEX!**

A few years after its foundation, Diennevi participates in Converflex and presents its wide range of self locating creasing matrices CON-CORD, the most comprehensive on the national market!

Diennevi presents in the exhibition, its innovative CON-CORD range, technologically advanced thanks to its structural system (patented system) that confers resistance and allows high number printing in packaging process.

Today, CON-CORD presents the only real alternative to the creasing matrices of the past. CON-CORD is a quality product that facilitates the production process with consequent decrease of time and cost.

Creasing matrices CON-CORD are available in standard version wide range that Diennevi integrates with the new line of special CON-CORD in order to meet specific needs. Diennevi products are guaranteeing accuracy and solidity even when working with corrugated carton as well as in production of particularly complex packages.

Creasing matrices CON-CORD are guaranteeing invariability in time and different environmental temperatures.

Diennevi will be present at STAND .....

Diennevi stems from creativity and a twenty years experience in the field, as well as studies, researches and application of leading technologies.

It is specialized in production of self locating creasing matrices CON-CORD standard and special, and profiled rubbers for flat and rotary cutting dies, using new generation systems. The experience allowed them to develop a flexible company, lean and efficient in delivery and After Sales service.

Diennevi is alongside with Owners and Managers of Companies in order to satisfy their requests and resolve their problems.

It offers a product that combines quality, price and service.
