

MANIFATTURA DEL SEVESO SPA

NEWS OF MANIFATTURA DEL SEVESO

Manifattura del Seveso is specialized in creation and production of cloth used for book binding, agendas, luxury catalogues and boxes.

We have improved our range of cloth laminated on board to be used for production of soft binding and for luxury cases.

One of our speciality is the production of cloth for offset printing and the most popular are Cialux® and Setalux®, natural rayon, made with certified fibres PEFC.

Our company is certified furthermore ISO 14001 with proprietary water depuration processing .

During Grafitalia will show our new articles Paradise and Setalux® Metal.

Paradise is a 100% Rayon cloth, modern aspect available in a wide range of pastel and vibrant colors.

Setalux® Metal , evolution of our Setalux® with a water based resin treatment with a fine metallic finish and available on colors completely unique and attractive.

Setalux® Metal is particular suitable for high value projects of catalogues, agendas, invitation cards, boxes and shopping bags.
